PROGRAMME

Morning

09:30 – 10:00 **REGISTRATION**

10:00 – 10:10 **WELCOME & INTRODUCTION**
Lecture Theatre

Prof Jeff Waage, Director, LIDC

10:10 – 11:15 **PANEL DISCUSSION**
Lecture Theatre

Panelists
Dr. Sarah Bell (UCL-CEGE)
Prof Sir Andy Haines (LSHTM)
Karen Newman
Stephen Twigg MP (Labour)

Chaired by Prof Jeff Waage

11:15 – 11:25 **COFFEE BREAK**
Wilkins Garden Room
IAS Common Ground

Workshops

11:30 – 13:10

Session 1: 11:30 – 12:00
Session 2: 12:05 – 12:35
Session 3: 12:40 – 13:10

THEME	GOALS
Health & Population	3, 6
Environment	13, 14, 15
Economic Growth	1, 2, 8, 10, 12
Education & Gender	4, 5
Governance	16, 17
Innovation & Tech	7, 9, 11

Afternoon talks

13:15 – 14:00 **LUNCH**
Wilkins Garden Room
IAS Common Ground

14:05 – 15:15 **MODERATORS' DISCUSSION**
Lecture Theatre

15:15 – 15:30 **COFFEE BREAK**
Wilkins Garden Room
IAS Common Ground

15:30 – 16:30 **KEYNOTE ADDRESS**
Lecture Theatre

Dame Henrietta Moore introduces
Nik Hartley, OBE

16:30 – 17:00 **CLOSING REMARKS**
Lecture Theatre

Prof Jeff Waage, Director, LIDC

SPEAKERS

CONFERENCE HOSTS

Professor Jeff Waage OBE, is the director of the London International Development Centre, and a Professor at SOAS, as well as holding visiting positions at Imperial College, Royal Veterinary College and the London School of Hygiene & Tropical Medicine. He is an agricultural biologist by training. At LIDC, his recent inter-Collegiate activities have included the development of the new Leverhulme Centre for Integrative Research on Agriculture and Health, and coordination of the LIDC-Lancet Commission on a cross-sectoral analysis of the Millennium Development Goals.

Professor Dame Henrietta Moore, is the Director of the Institute for Global Prosperity and Chair in Philosophy, Culture and Design at UCL. A distinguished anthropologist and cultural theorist, she has focused her recent work on the notion of global sustainable futures. By rethinking how knowledge is produced, challenging current economic models, and identifying overlooked social and political dynamics, Professor Moore's approach places notions of well-being, institutional change, citizenship, and social justice at the focal point of her research.

PANELISTS

Dr Sarah Bell, UCL-Civil, Environmental & Geomatic Engineering, is a senior lecturer and director of the UCL Engineering Exchange, which aims to enhance local community engagement with engineering research. She specialises in the sustainability of urban water systems, particularly social and policy factors and has worked with a number of external partners including Waterwise, Arup, AECOM, Thames Water and WWF.

Professor Sir Andy Haines, London School of Hygience & Tropical Medicine, is Professor of Public Health and Primary Care with a joint appointment in the Department of Social and Environmental Health Research and in the Department of Population Health. He was previously, the director of LSHTM. His main research interests are in epidemiology, health services and the potential health co-benefits of the low-carbon economy.

Karen Newman (PSN), Advocacy and Policy consultant, Population & Sustainability Network, focuses on policy and governance issues with a special emphasis on sexual and reproductive health and rights. Since 2003. she has carried out a range of consultancy work, and between 2003 and 2010, she was a member of the WHO Gender & Rights advisory panel, which she co-chaired from 2007.

Stephen Twigg, MP (Labour), chairs the Commons' International Development select committee , which is currently conducting an inquiry into how the SDGs will, or should be, implemented by DFID and the wider UK government.

KEYNOTE SPEAKER

Nik Hartley OBE, CEO Restless Development

Restless Development is the youth-led international development agency putting young people at the forefront of change and development. Nik has worked with the agency since 1999, becoming CEO in 2011 and being awarded an OBE by the Queen for services to young people in 2015.

With Restless Development, Nik has been involved in the formation of the Sustainable Development Goals, supporting young people to be involved in the post-2015 process from the High Level Panels in 2012 to New York in September 2015, when Restless Development supported youth delegates to stand alongside Malala in the United Nations Summit where the Sustainable Development goals were signed.

restlessdevelopment.org

THE GOALS

NO POVERTY

End poverty in all its forms, everywhere.

ZERO HUNGER

End hunger, achieve food security and improved nutrition and promote sustainable agriculture.

GOOD HEALTH AND WELL-BEING

Ensure healthy lives and promote well-being for all, at all ages.

QUALITY EDUCATION

Ensure inclusive and equitable quality education and promote lifelong learning opportunities for all.

GENDER EQUALITY

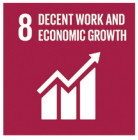
Achieve gender equality and empower all women and girls.

CLEAN WATER AND SANITATION

Ensure availability and sustainable management of water and sanitation for all.

AFFORDABLE AND CLEAN ENERGY

Ensure access to affordable, reliable, sustainable and modern energy for all.



DECENT WORK AND ECONOMIC GROWTH

Promote sustained, inclusive and sustainable economic growth, full and productive employment and decent work for all.

INDUSTRY, INNOVATION AND INFRASTRUCTURE

Build resilient infrastructure, promote inclusive and sustainable industrialisation and foster innovation.

THE GOALS

REDUCED INEQUALITIES

Reduce inequality within and amongst countries.

SUSTAINABLE CITIES AND COMMUNITIES

Make cities and human settlements inclusive, safe, resilient and sustainable.

RESPONSIBLE CONSUMPTION AND PRODUCTION

Ensure sustainable consumption and production patterns.

CLIMATE ACTION

Take urgent action to combat climate change and its impacts.

LIFE BELOW WATER

Conserve and sustainably use the oceans, seas and marine resources for sustainable development.

LIFE ON LAND

Protect, restore and promote sustainable use of terrestrial ecosystems, and halt and reverse land degradation and biodiversity loss.

PEACE, JUSTICE AND STRONG INSTITUTIONS

Promote peaceful societies for sustainable development, access to justice for all and build effective, accountable institutions.

PARTNERSHIP FOR THE GOALS

Strengthen the means of implementation and revitalise the global partnership for sustainable development.

WORKSHOP SPEAKERS

HEALTH AND POPULATION

Professor Nora Groce, UCL Institute of Epidemiology & Health

Director and a Leonard Cheshire chair of Disability and Inclusive Development Centre at UCL. She is a medical anthropologist, working in the area of global health and international development with emphasis on cross-cultural systems of healthcare and health as human rights issues.

iris.ucl.ac.uk/iris/browse/profile?upi=NEGRO89

Dr Tim Colbourn, UCL Institute for Global Health

Lectures on Global Health, focusing on Epidemiology and Evaluation. His research interests include global health, population and lifelong health. He recently worked on a large randomised controlled trial of community and facility interventions to improve maternal and neonatal mortality in Malawi, where he was based between 2007 and 2011.

iris.ucl.ac.uk/iris/browse/profile?upi=TECOL04

Steven Lally, Overseas Development Institute

A research officer working on accelerating progress towards the Sustainable Development Goals. His areas of research have included health-related topics such as mental health, well-being in urban slums and non-cummunicable diseases in BRICS nations.

odi.org/publications/10382-starting-strong-first-1000-days-sdgs

WORKSHOP SPEAKERS

ENVIRONMENT

Professor Richard Kock, Dept of Pathology and Pathogen Biology, Royal Veterinary College

A dedicated wildlife veterinarian, researcher and conservationist. He is working to establish a One Health and Conservation Medicine programme, promoting wildlife and environment in the health agenda. He has led the development and implementation of a new One Health Masters in Science course.

rvc.ac.uk/about/our-people/richard-kock

Dr Ilan Kelman, UCL Institute for Risk & Disaster Reduction, UCL Institute for Global Health

Lectures on topics such as island sustainability, disaster diplomacy, vulnerability and resilience, and also coordinates the IRDR module *Risk and Disaster Reduction Research Tools*. His overall research interest is linking risk, resilience and global health, including the integration of climate change into disaster and health research.

ucl.ac.uk/rdr/people/ilan-kelman

Anna Watson, Climate Action

Works in partnership with the UN Environment Programme as Head of Conference Production at Climate Action, organising events to engage the private sector in UNEP's sustainability agenda. She has experience of engaging many different audiences and volunteers for the UK Youth Climate Coalition.

climateactionprogramme.org

WORKSHOP SPEAKERS

$ POVERTY AND ECONOMIC GROWTH

Colin Poulton, SOAS Centre for Development, Environment and Policy

A Reader in Development Policy, rural development and poverty reduction in sub-Saharan Africa. He has a particular interest in the application of new institutional economics to questions of market coordination, rural financial market development, cotton systems and technology adoption.

soas.ac.uk/staff/staff37121.php

Dr Jonathan Kennedy, Queen Mary University of London

Lectures on international development. His research interests can be divided into two substantive strands; the first introduces methods and theories from political economy and political sociology to analyse the determinants of public health, and the second seeks to understand violent political conflict between the state and marginal communities.

ucl.ac.uk/spp/people/teaching/jonathan-kennedy

Amina Khan, Overseas Development Institute

Focuses on the implementation of the post-2015 agenda. In addition to the post-2015 debates, her research interests and expertise include data development, inclusive and sustainable growth, poverty reduction, urbanisation, governance, overseas development assistance and micro-to-medium enterprise development.

odi.org/experse/1394-amina-khan

WORKSHOP SPEAKERS

EDUCATION AND GENDER

Dr Susannah Mayhew, Dept of Global Health and Development London School of Hygiene & Tropical Medicine

A Reader in Health Policy and Reproductive Health. Her main interests lie in analysing the health policy and systems development issues in relation to population, sexual and reproductive (including maternal) health and services and how these relate to the changing climate contexts for global development.

lshtm.ac.uk/aboutus/people/mayhew.susannah

Professor Moses Oketch, UCL Institute of Education

A professor of International Education Policy and Development. Specialises in the connection between the theory of human capital and implementation of policies. His areas of research interest include economics of education, education policy analysis and impact evaluation, mainly in sub-Saharan Africa.

iris.ucl.ac.uk/iris/browse/profile?upi=MOOKE71

Dr Monika Kreusemann, Head of Programmes at Think Global

Think Global promotes global learning and global action towards a more just and sustainable world. Before joining Think Global in 2013, Monika worked for almost ten years in policy and programme positions with the Commonwealth Government of Australia, including five years in school education policy. She has also worked and studied in Asia, Africa, the Pacific and Europe.

think-global.org.uk/about-us/our-team/

WORKSHOP SPEAKERS

GOVERNANCE

Dr Tom Pegram, UCL Global Governance Institute

Lectures in Global Governance and is the Deputy Director of the CGI. His research interests include global governance, international organisations, human rights and the trans-governmental politics of domestic compliance. He also has extensive partical experience working with local and international policy-makers.

ucl.ac.uk/spp/people/academic/thomas-pegram

Dr Ali Burak Guven, Birkbeck Department of Politics

Lectures in International Relations and International Political Economy. His research interests include global governance; politics of development; emerging powers; politics of banking and finance; agricultural policy and trade; Turkish politics and political ecnomy; institutional theory and qualitative methods.

bbk.ac.uk/politics/our-staff/academic/ali-burak-guven

Ruth Kelly, Programme Policy Manager at ActionAid

Leads the Programme Policy Unitt within the Policy Team. The unit is charged with ensuring that ActionAid's UK policy work is more strongly rooted in the realities and challenges facing the organisation's southern programmes and affiliates.
She has also worked with Oxfam, UNDP and the European Commission, with a focus on international trade and development and land rights.

actionaid.org.uk/users/ruth-kelly

WORKSHOP SPEAKERS

INNOVATION AND TECHNOLOGY

Dr Michal Miedzinski, UCL Institute for Sustainable Resources

Has an interdisciplinary research background, including applied policy studies, science, technology and innovation, economic geography and regional development, organiosational learning and change, as well as foresight and future studies. He sits on the Advisory Boards of Sustainable Innovation conferences and is a member of the Worls Resource Forum Scientific Committee.

iris.ucl.ac.uk/iris/browse/profile?upi=MAMIE60

Dr Priti Parikh, UCL Environmental and Geomatic Engineering

Programme director for the MSc in Engineering for International Development. She has expertise in infrastructure and business models for resource-constrained settings, such as slums and rural communities in Africa and Asia. She also has experience in city planing infrastructure.

iris.ucl.ac.uk/iris/browse/profile?upi=PPARI97

Rosie James, DfiD

Works in the Climate and Environment Department as the campaign coordinator for Energy Africa; a campaign to accelerate the expansion of the household solar market in Africa, helping bring universal energy access in the continent forward from 2080 to 2030 and helping to deliver SDG7.

Kazi Hossein, DfiD

Has worked in various Government departments including HM Treasury, DECC and DFID across various cross cutting policy areas focusing on energy and climate change. He is currently the DFID Energy Africa manager focusing on
